

We really love

Newport News  
02-23-10

JCF  
Every April I see the Future.  
Every April I see new Friends.  
Every April I see Fantastic people.  
Every April I see Delicious Food

I see the future through all these children.  
I see new friends through the International Children Festival.  
I see fantastic people from different countries and nationalities.  
Every April I see people enjoying their food of great variety.  
This is how the world should be, 'cause we are  
the International children of the formidable GOD!  
Thank you JCF  
Mohamed & Jeanne Abou
